

RETURN CRITERIA FOR THE REGENERATION INSERT

BRAKE CALLIPER

1. The goods returned for regeneration must be supplied in the packaging of the new product that have replaced the part to be regenerated in the vehicle.
2. The brake calliper returned for regeneration corresponds to the product purchased in its place.
3. The insert must be complete and contain all its components.
4. The returned goods must be a genuine OE product - please note the manufacturer's logo stamped on. The copies of cores with no marks will not be accepted.
5. The supplied product must not have been regenerated before.
6. The calliper must not be cracked or mechanically modified.
7. The product returned for regeneration must not be excessively corroded (no pitting).
8. The insert must not have damaged mountings, connections, breather and calliper guides.
