

RETURN CRITERIA FOR THE REGENERATION INSERT

TURBO COMPRESSOR

1. The goods returned for regeneration must be supplied in the packaging of the new product that have replaced the part to be regenerated in the vehicle.
2. The insert returned for regeneration must in all respects, both electrical and mechanical, correspond to the newly purchased part.
3. The returned goods must be a genuine OE product - please note the manufacturer's logo stamped on. The copies of cores with no marks will not be accepted.
4. The returned product must be in the same condition as when it was removed from the vehicle - it cannot be disassembled.
5. The components of the supplied turbocompressor must not be mechanically damaged or cracked.
