

RETURN CRITERIA FOR THE REGENERATION INSERT

POWER STEERING PUMP

1. The goods returned for regeneration must be supplied in the packaging of the new product that have replaced the part to be regenerated in the vehicle.
2. The power steering pump returned for regeneration corresponds to the product purchased in its place.
3. The returned goods must be a genuine OE product - please note the manufacturer's logo stamped on. The copies of cores with no marks will not be accepted.
4. The returned pump must be complete, not disassembled and contain all components present in a newly purchased product.
5. The body or any other components of the product, e.g. pulley, shaft, connectors, mounting holes (threads), etc. must not be mechanically damaged.
